BATHING WITH A VIEW OF THE MOUNTAINS

The Mineralbad & Spa Rigi Kaltbad follows in the 600-year bathing tradition of the Rigi Kaltbad region and is a place of rest and relaxation, surrounded by an idyllic mountain landscape. The spa was designed by internationally renowned architect Mario Botta. It is divided into two parts:

MINERAL BATH

In the pool complex, you can enjoy the unique view of the mountains and bath in mineral water, heated to 35°C. In the steam room, enveloped in dense clouds of steam, you can simply relax and forget all about time.

SPA

The spa is exclusively for adults over the age of 16. This is where our massages take place. The crystal spa is one of the many highlights.

In this area, sauna guests will also find an infusion sauna with a range of herbal infusions available. The large herbal sauna has plenty of space in which to allow your body to rest and relax in the heat and herbal aroma.

OPENING TIMES: DAILY 10:00 AM TO 7:00 PM

Every day between 8:00 am and 10:00 am, the spa is reserved exclusively for guests of the Hotel Rigi Kaltbad. The spa facilities close 30 minutes before the centre closes.
